

# SK Dev Test

1. Build a **responsive** HTML, CSS & JS Hero Section of [SearchKings Africa website](https://www.searchkingsafrica.com) Choose a hero section from the below to build. You can use any third party scripts, frameworks, or tools to accomplish this.

## Option 1 - Home Hero - <https://www.searchkingsafrica.com>

## Option 2 - Client Testimonials - <https://searchkingsafrica.com/client-testimonials/>

2. Once complete upload to GitHub and share code with us.

**All the best!**
